PROFILE SUMMARY

I'm a Web Developer with skills in HTML, CSS, JavaScript, React, and Tailwind CSS. I've completed several projects that demonstrate my ability to build responsive, user-friendly web applications. I'm excited to use my skills to create engaging and high-performance web experiences.

CERTIFICATION

Web Development With PHP/MYSQL - Tutedude

NOV - 2023

- Under the guidance of experienced instructors at TuteDude, I
- delved into the intricacies of HTML, CSS, and JavaScript,
- mastering the art of front-end development. The hands-on
- approach of the course allowed me to build dynamic and
- responsive web applications, applying industry best practices and
- staying up-to-date with the latest trends in front-end technology.

Web Development Masterclss- **Online Certification Course**

JUNE - 2023

PROJECTS

Interactive Portfolio with 3D/GSAP Animations

Objective: Build a personal portfolio that reflects your design and JavaScript skills, especially using GSAP or Three.js.

Job Tracker Dashboard (Frontend Only)

Objective: Build a dashboard where users can track job applications, interviews, and offers.

AI Image Generator UI (Frontend for OpenAI or Stable Diffusion)

Objective: Build a modern front-end interface where users can generate images by typing prompts using an AI API (like OpenAI's DALL·E or HuggingFace models).
